Chat

How a chat is instigated depends on verification status.

For **Forum Only Users** who have not been verified with an agency please use the chat icon (little orange speech bubble) to the side of the community names on posts:

Alternatively, you can click *Chat with > Active chats*, for previous conversations and instigate a chat from there.

For **Verified Community Users** you can use all of the methods above, but also click on the community name to see the user profile and then click on the chat button:

or from the Chat menu, click find others to see a list of users:

Any issues or queries with the Chat function please contact
[onlineteam@adoptionuk.org.uk](mailto:onlineteam@adoptionuk.org.uk)
